1. Welcome to Friend Snap

connect with new friends who share your interests, and send fun emoji messages — all in a safe and simple space.

Feature	What it does
Home feed	See people you might like and browse shared photos.
Add Photo	Upload photos of things (animals, food, etc.) to the feed.
Friends	Find people and add them as friends.
Chat	Send emoji messages back and forth with friends.
Comments	Leave one comment on a friend's photo.
Me / Profile	View your avatar, join date, and shared photos.
Settings	Change the app's theme and text size.
Read Aloud	Have the app read page content out loud to you.

Note: *Friend Snap works in any modern web browser (Chrome, Firefox, Edge, Safari). No download is needed — just open the website!*

2. Getting Around the App

Button	What it opens
■ **Home**	See suggested friends and the photo feed
■ **Add Photo**	Upload a photo to share on the feed
■ **Friends**	Find new friends or view your current friends
■ **Chat**	Send emoji messages to your friends
■ **Me**	View your profile, photos, and account settings

At the top of every page you will also find the **Read Aloud** button (top right) and the **gear icon** ⚙ which opens Settings. Your avatar and nickname appear in the top left corner.

Tip: *The button for the page you are currently on turns orange so you always know where you are.*

3. Creating Your Account

3.1 Registering

If you are new to Friend Snap, you need to create an account first. It only takes a minute!

Step 1	Open Friend Snap in your browser and click the Register tab at the top.
Step 2	Type a nickname in the 'Choose a nickname' box. This is the name others will see.
Step 3	Choose a password and type it again in the 'Confirm your password' box.
Step 4	Scroll through the animal avatars and click the one you want.
Step 5	Click the orange Create Account button. You are now ready to explore!

Tip: *Pick a nickname your friends will recognise. Remember your password — you will need it each time you log in.*

3.2 Logging In

If you already have an account, use the Log In tab.

Step 1	On the Friend Snap home page, make sure the Log In tab is selected (it turns orange).
Step 2	Type your nickname in the 'Your nickname' box.
Step 3	Type your password in the 'Your password' box.
Step 4	Click the orange Log In button. You will be taken straight to the home page.

Note: *Your nickname is case-sensitive — 'User1' and 'user1' are different. Make sure you type it exactly as you chose it.*

4. The Home Page

People You Might Like

These are other Friend Snap users who have shared photos of similar things to you. Each card shows their nickname, avatar, and what kinds of photos they like.

- Click the orange **Say Hello!** button to open a chat with that person.
- Click the red **Block** button if you do not want to see them.

Photo Feed

Below the suggestions you will see a feed of photos shared by people on Friend Snap. Scroll down to browse them. You can click on a photo to see it bigger and leave a comment.

Tip: *The more photos you share, the better your suggestions will match your interests!*

5. Adding Photos

Remember: Share photos of things, not people.

Step 1	Tap Add Photo in the bottom menu.
Step 2	Read the reminder at the top — share photos of things like animals or food, not photos of people.
Step 3	Click the big orange 'Tap to add a photo' area, or click the Upload to Feed button.
Step 4	Choose a photo from your device and wait for face detection to check your image.
Step 5	Click upload image and wait for the image to be put on the feed.

The page also shows **Ideas for photos** to help inspire you — for example, Animals or Food.

Tip: *You can see all the photos you have shared by going to the Me page and tapping My Photos.*

6. Friends

6.1 Finding Friends

Tap **Friends** in the bottom menu to open the Friends page. It has two tabs at the top:

- **Suggestions** — people the app thinks you might like, based on shared photo interests.
- **My Friends** — the list of people you are already friends with.

Adding a friend:

Step 1	On the Friends page, you will see a list of suggested users — each showing their nickname and avatar.
Step 2	You can also use the Search users... box at the top to find someone by their nickname.
Step 3	Click the orange Add Friend button next to the person you want to add.
Step 4	Once they accept, they will appear in your My Friends tab and you can chat!

Note: *You can only chat with people who are your friends. The 'Say Hello!' button on the home page also works as a quick way to start connecting.*

6.2 Blocking Someone

If someone makes you feel uncomfortable, you can block them. A blocked person cannot contact you or see your profile.

- On the Friends page or the Home page, click the red **Block** button next to their name.
- To see your list of blocked users, go to the **Me** page and scroll down to the **Blocked Users** button.
- Click **Unblock** next to a name if you change your mind.

> ***Tip:*** *You can also block someone from inside a chat by clicking the red Block button at the top right of the chat screen.*

7. Chat

Opening a chat:

Step 1	Tap Chat in the bottom menu. You will see a list of your friends.
Step 2	Click the orange Message button next to the friend you want to chat with.
Step 3	The chat screen opens. You will see a row of emoji at the bottom of the screen.
Step 4	Tap an emoji to add it to your message.
Step 5	When you are happy with your message, click the orange Send button.

Inside the chat screen:

- Your friend's messages appear on the left, your messages appear on the right.
- There is a tip at the top of the screen — for example, 'Say hello with a big smile!'.
- You can clear your emoji selection using the X button next to the message box.
- To go back to the messages list, click the back arrow () at the top left.
- The red **Block** button at the top right lets you block this person.

> ***Note:*** *Chat on Friend Snap uses emojis only — there is no text keyboard. This keeps things simple, fun, and friendly for everyone.*

8. Your Profile (Me)

Feature	What it does
Your avatar	Your chosen animal picture, shown large at the top.
Your nickname	Your name as others see it.
Member since	The date you joined Friend Snap.
My Photos	Tap to see all the photos you have shared on the feed.
Remember Our Rules	A reminder of the community guidelines (see below).
Blocked Users	See and manage the people you have blocked.
Log Out	Tap this orange button when you are finished to log out safely.

Community Rules

The Me page shows Friend Snap's three simple rules:

- Share photos of things, not people
- Be kind to everyone
- Report anything that makes you uncomfortable

Tip: *Always tap Log Out when you are finished, especially if you are using a shared computer or tablet.*

9.Settings

Feature	What it does
Theme — Light	The default look: white background with orange colours.
Theme — Dark	A darker background, easier on the eyes in low light.
Theme — High Contrast	Bold, high-contrast colours for easier reading.
Text Size — Normal	The standard text size.
Text Size — Large	Bigger text, easier to read on screen.

Tip: *Try the High Contrast theme and Large text size if you find the screen hard to read.*

© 2026 Friend Snap Team · TU Dublin

10.Read Aloud

Read Aloud button (top right of any page), the app will read out the content of that page using your device's speaker. This is helpful if you find reading on screen difficult.

> ***Note:*** *Make sure your device's volume is turned up before using Read Aloud. The button is always visible at the top right of the screen.*

11. Help & Support

Help button in the bottom right corner of any screen, allows for quick access to help.

The Help page covers:

- How to Add a Photo
- How Friends Work
- Commenting on Photos
- Reporting a Problem

> ***Note:*** *If something makes you uncomfortable, the Help page tells you how to report it to the support team.*

12. Staying Safe

✓ Share photos of things, not people	Do not upload photos of yourself or other people. Share things like pets, food, or scenery instead.
✓ Be kind	Use the emoji chat and comments to be friendly and positive. Do not send anything that could hurt someone's feelings.

✓ Only add people you are comfortable with	You do not have to accept every friend suggestion. Only connect with people you feel good about.
✓ Use Block if you need to	If anyone makes you uncomfortable, use the Block button straight away. You can always unblock them later.
✓ Report anything worrying	If you see something that upsets you, tap the Help button and report it. You can also tell a trusted adult or carer.
✓ Log out when you are done	Always tap Log Out on the Me page when you have finished, especially on shared devices.

13. Troubleshooting

Problem: I cannot log in
Fix: Make sure you are using the Log In tab (not Register). Check that your nickname and password are typed exactly as you chose them — they are case-sensitive.
Problem: I forgot my password
Fix: Contact a support worker or carer who can help you reset your account. There is also a contact on the Help page.
Problem: The page will not load
Fix: Check your internet connection. Try closing and reopening your browser, then visit the Friend Snap website again.
Problem: I cannot find a friend
Fix: Use the Search box on the Friends page. Make sure you are spelling their nickname correctly — ask them to confirm it.

© 2026 Friend Snap Team · TU Dublin

Problem: My photo is not uploading

Fix: Check your internet connection. Make sure the file is a photo (JPG or PNG). If it is very large, try a smaller image.

Problem: The app looks wrong on my screen

Fix: Try opening Settings (gear icon) and switching the Theme or Text Size. You can also zoom out in your browser by pressing Ctrl and - (Windows) or Command and - (Mac).

Problem: I want to change how the app looks

Fix: Go to Settings using the gear icon (top right). You can pick Light, Dark, or High Contrast, and choose Normal or Large text.

Thank you for using Friend Snap!
